Natural Avalanche North of Cooke City

Henderson Mountain
Cooke City
12/4/2023
Code
SS-N-R2-D1.5
Latitude
45.05240
Longitude
-109.94500
Notes

From GNFAC: We rode up Daisy Pass road... saw a couple 8-10" deep natural avalanches on the steep slopes above Miller Creek that probably ran in the last 24-48hours. We had multiple collapses on the NE facing slope where we ski toured to dig our second pit.
