## Loose snow avalanches in Hyalite

Alex Lowe Peak Northern Gallatin 2/22/2022 Code L-N-R0-D1-O Latitude 45.42720 Longitude -111.01400

I did a loop around Alex Lowe and Blackmore today...There was a 5-10mph breeze near ridgelines, and other places were dead calm...I noticed a number of small to medium natural sloughs, some of which could have had the power to knock someone over.
