

Avalanche along Buck Ridge

Buck Ridge

Northern Madison

1/29/2023

Code

AM-R1-D1

Latitude

45.18360

Longitude

-111.46700

Notes

Avalanche (possibly sled/human triggered) on an easy to northeast facing slope around 9300 feet. There were lots of sled tracks on the slope, which is located just out of the wilderness at the far end of Buck Ridge. [Slide](#) and sled tracks appeared to be from after the weekend storm and were covered with light snow from the last couple days. Noted lots of wind transported snow along buck ridge this afternoon.
