7800  
Aspect  
E  
Latitude  
45.81560  
Longitude  
-110.92300  
Notes

Yesterday 4/25, Walked to the top of Pierre's Knob. The snow was unconsolidated mush, very sticky skiing. While hanging out at the top shack (at 1130am) I heard 3 large avalanches running in the south bowl, white out conditions so was unable to see how big the slides were they sounded like they ran a long ways.

Number of slides  
3
