

Cracking and Collapsing Yellowstone

Date

Thu, 12/26/2024 - 14:05

Activity

Skiing

Widespread cracking and collapsing at Tele Meadows today, primarily in wind-affected areas. Shooting cracks up to 100 feet.

S1 all day, only about 5cm new by 3pm. Winds mod in the AM, light in the PM from the south.

Still pretty thin cover, lots of sagebrush sticking through on the usual ski runs.

Region

Southern Madison

Location (from list)

Telemark Meadows

Observer Name

Mike Lavery
